March Newsletter

Well I have renamed this Newsletter several times...January...February...its been a little too long between drinks so to speak so I made sure that I set aside time this Easter to finally put this Newsletter together !

The 90th anniversary lunch...some say it was the biggest ever gathering of Maserati in Australia...

We had a very busy time in the second half of last year...the AGM in August, Track Day in October, 90th Anniversary Lunch in November and the massive Christmas Gala Dinner in December. It is typically a little quite on the Maserati front in January and February but things really start to get rolling along from here on with the next track day nearly upon us, the Annual Concours d'Elegance and Picnic and the Annual Dinner and AGM. There is a calendar attached to the back of this newsletter so you can plan ahead.

I don't know if many of you have had the chance to drive either one of the new Quattroporte or 2005 model 4200's

but over the past two weeks I had the opportunity to have a long drive in each with Tony kindly making his demonstrator available and our Club Vice President Dana taking delivery of her new 2005 model Spyder...Now I am not a big car person but I have to say that the Quattroporte was just fantastic to drive...and the sound...everybody does a double take when you are at speed because they are just not used to a car that size making that kind of sports car sound...or moving that quickly. The new model 4200 Spyder was just a delight to drive...the car steers so well and drives so smoothly...I love the new grill and the wheels suite the car just perfectly.

I also want to mention membership in this introduction...we now have just over 200 members thanks to a recent recruitment drive with the help of Tony. **Could I remind you that if you have not already done so, your 2005 memberships are due**...we will send out a separate reminder to you shortly but all you need to do is send in the \$60 membership fee to the PO Box address (see above) with your name and address or any changes to your details such as E-Mail, car details and so forth so we can keep the database current.

Kai Mysliwicz
